EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In Claim 12:

“a predefined amount” has been changed to: --the predefined amount--.

3. The following is an examiner's statement of reasons for allowance:

Reconsideration of the applied prior art in light of applicant's argument filed 10/29/2005 at page 7, line 21 through page 8, line 10, has shown that the prior art of record, in particular the EP-0914399, the William reference (US 3,804,077) and the known snorkel vacuum packaging, taken alone or in combination would not render claim 1 of the present application obvious because the carrier material in the method of EP'339 are to be saturated in a hard shell container so that they can be sterilized later, and the package of William is cannot be packaged by the known snorkel vacuum packaging method since negative pressure might break the rupturable bag during evacuation. Thus, the prior art of record fails to disclose and/or teach a method for delivering a cold or heat storage medium into a carrier material in a container including the steps of: placing the carrier material in the container composed of a film material, partially evacuating the container, and saturating the carrier material with the cold or heat storage medium by

delivering the cold or heat storage medium into the partially evacuated container in order to introduce the cold or heat storage medium into the carrier material, as recited in claim 1.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Louis K. Huynh whose telephone number is (571) 272-4462. The examiner can normally be reached on M-F from 9:30AM to 5:00PM.

6. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rinaldi I. Rada can be reached on (571) 272-4467. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
